

Our Business Partners

As a school community we are so grateful to the many generous families, and businesses that help make our school successful. As a result of our Business and Community Partners' contributions, our students receive many additional learning experiences; from field trips, to hands on projects, experiments, special speakers and other amazing activities. Our students benefit from their generosity. Please consider utilizing these businesses as they support our children.

If you are interested in becoming a partner please contact:
Michel Coles at 801-372-6678 or mcoles@axialappraisals.com

We would like to thank the following businesses and families who sponsor our school.
